Markal®

Markal.com

Markal® RS.2000 replacement paint cartridge can be used with all Markal Stylotube marking products. The xylene-free paint will not drip making it suitable for rough, vertical and overhead surfaces with excellent adhesion on oily and wet surfaces. The low-sulfur, low-chloride, and low-halogen formula allows for safe marking on stainless steel.

- Replacement cartridge for all Stylotube marking products
- Pressurized Stylotube systems ensure full use of replacement paint cartridges
- Unique paint designed to not drip on vertical or overhead surfaces
- 11 bold, bright paint colors are weather-, water-, and UV-resistant
- Safe for use on stainless steel and other alloy metals where corrosion resistance is a requirement
- Marking range -4°F to 158°F (-20°C to 70°C)
- Mark temperature resistance: 392°F (200°C)
- Designed for use with the following Markal Stylotube products: PN200 and PN200D
- Made in EU

Industry Uses:

- Quality Control
- Automotive and other transportation
- Industrial manufacturing and assembly
- Tire industry

Surface Uses:

- Metal
- Plastic
- Rubber and tires
- Cloth and fabric (textiles)
